Percentage: 74.2%

Tiruchengode, Tamil Nadu

Jun 2017 – Apr 2018

EXPERIENCE

Full Stack Web Developer Intern

ITKrish Technologies

Apr 2022 – Aug 2022

Namakkal, Tamil Nadu

- Developed web applications using Laravel, employing MVC architecture, Blade Templating Engine, Eloquent ORM, and robust routing.
- Integrated RESTful APIs for enhanced functionality, utilizing Laravel Middleware for secure data flow.
- Managed database migrations and automated tasks with Laravel's Artisan CLI, ensuring efficient deployment and implementing authentication mechanisms for data security.

PROJECTS

Oppo E-Store | MERN stack

May 2024 – Jun 2024

- Developed a responsive eCommerce application for purchasing Oppo brand mobile phones using ReactJS for the front end.
- Implemented a robust backend using Node.js with Express.js, facilitating secure and efficient data handling and API integration.
- Utilized MongoDB for the database, optimizing data storage and retrieval to support seamless scalability and enhanced user experience.

Netflix Clone | Angular, Typescript, Bootstrap, Firebase API

Oct 2023 – Nov 2023

- Developed a Netflix clone web application using Angular, creating an interactive and dynamic user interface that closely mimics the original platform.
- Implemented responsive design principles with Bootstrap, ensuring a seamless and visually appealing experience across various devices and screen sizes.
- Integrated Firebase API for secure user authentication and session management, enhancing application functionality.

Yamaha Static Site | HTML, CSS, Bootstrap, Javascript

Feb 2023 – Feb 2023

- Created a visually engaging static webpage for Yamaha bikes using HTML, CSS, JavaScript, and Bootstrap, ensuring seamless navigation and an appealing user interface.
- Implemented responsive design principles with Bootstrap to optimize the webpage for various devices and screen sizes, enhancing user experience.
- Utilized JavaScript to add interactive elements, improving functionality and user engagement on the webpage dedicated to advertising Yamaha bikes.
