EDUCATION

B.Tech IT - Mahendra Engineering College

CGPA: 7.94 / 10

Namakkal, Tamil Nadu

Aug 2020 – Jun 2024

HSC - Government Boys Higher Secondary School

Percentage: 69.5%

Tiruchengode, Tamil Nadu

Jun 2019 – Apr 2020

SSLC - Government Boys Higher Secondary School

Percentage: 74.2%

Tiruchengode, Tamil Nadu

Jun 2017 – Apr 2018

EXPERIENCE

Full Stack Web Developer Intern

ITKrish Technologies

Apr 2022 – Aug 2022

Namakkal, Tamil Nadu

- Developed web applications using Laravel, employing MVC architecture, Blade Templating Engine, Eloquent ORM, and robust routing.
- Integrated RESTful APIs for enhanced functionality, utilizing Laravel Middleware for secure data flow.
- Managed database migrations and automated tasks with Laravel's Artisan CLI, ensuring efficient deployment and implementing authentication mechanisms for data security.

PROJECTS

Oppo E-Store | MERN stack

May 2024 – Jun 2024

- Developed a high-performance, responsive eCommerce application for Oppo mobile phones using ReactJS for a dynamic front end, and a robust backend with Node.js and Express.js for secure, efficient data handling and API integration.
- Optimized MongoDB for seamless data storage and retrieval, ensuring scalability and an enhanced user experience.

Netflix Clone | Angular, Typescript, Bootstrap, Firebase API

Oct 2023 – Nov 2023

- Developed a Netflix clone web application using Angular, creating an interactive and dynamic user interface that closely mimics the original platform, with responsive design principles implemented using Bootstrap.
- Integrated Firebase API for secure user authentication and session management.

Yamaha Static Site | HTML, CSS, Bootstrap, Javascript

Feb 2023 – Feb 2023

- Created a visually engaging static webpage for Yamaha bikes using HTML, CSS, JavaScript, and Bootstrap, ensuring seamless navigation and an appealing user interface with responsive design principles.
- Utilized JavaScript to add interactive elements, improving functionality and user engagement.

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript, HTML, CSS

Frameworks: Angular, Laravel, Bootstrap, Tailwind CSS

Libraries: React

Developer Tools/Version Control: Git/GitHub, Visual Studio Code, Eclipse, Postman

Soft Skills: Learning Agility, Problem Solving, Adaptability, Time Management

ACHIEVEMENTS & CERTIFICATIONS

- I successfully grew my Instagram page 'coding_luv' to nearly 5k followers, dedicated to educating Java programming enthusiasts.
- I led both a final year mini and major project focused on AI, earning the Best Performance Team and achieving outstanding marks.
- I actively participated in various technical events such as Jatayu, hackathons, and quiz competitions, enhancing my knowledge and consistently securing top rankings.
- I have completed certifications in C, C++, Python, and Java, significantly enhancing my knowledge and skills.
